RE: Speed Limit Investigation – US Highway 93/Stevensville Wye

Dear Glen;

We have received your speed limit investigation report and recommendations for US Highway 93 – Stevensville Wye and are in agreement with your recommendations.

We wish to thank the Montana Department of Transportation for their quick study and recommendations in order to mitigate the issues of public health and safety.

Sincerely,
BOARD OF RAVALLI COUNTY COMMISSIONERS

Greg Chilcott, Chairman

Alan Thompson, Member

Howard Lyons, Member

Subject: Speed Limit Investigation
US Highway 93 – Stevensville Wye

I talked
to Glenn
today +
we need to
fix this
by Thurs pm
so on
cal for
discussion
Thurs
@2:30

Dear Commissioners,

Enclosed please find the Speed Limit Investigation report for US Highway 93 - Stevensville Wye. Because of your busy agenda and time constraints I am sending copies of the speed study for your review.

The recommendations of the speed study are:

- 55 mph speed limit beginning 150 feet south of the intersection with South Kootenai Road, and continuing north an approximate distance of 2,450 feet (700 feet south of the intersection with Secondary 269).
- 45 mph speed limit beginning 700 feet south of the intersection with Secondary 269 (eastside highway), and continuing north an approximate distance of 3,500 feet (150 feet north of Kootenai Creek Road).
- 55 mph speed limit beginning 150 feet north of Kootenai Creek Road, and continuing north an approximate distance of 2,600 feet.

Please review the information and submit all comments in writing, to my attention, as soon as possible. In order to have the speed limit recommendations placed on the April 26th Montana Transportation Commission agenda, I need to have your comments before March 28th. If you have any questions or wish to schedule a meeting please call me at (406) 523-5800.

Sincerely,

Glen Cameron
Missoula District Traffic Engineer
